

Mill Hacks

Sponsorship Package

WHAT IS MILL HACKS?

Mill Hacks is a 12 hour in-person hackathon happening in November in Milton, Ontario. We are an engineering event where passionate and creative high-schoolers come together to innovate and explore different facets of technology. Participants will have 12 hours to create and present a STEM project, with the best projects winning awards.

HIGHLIGHTS

Innovative Projects: Participants tackle real-world challenges, creating innovative solutions in just 12 hours.

Exciting Prizes: The best projects will be recognized with awards and prizes.

Community Impact: Mill Hacks aims to grow and develop a STEM community in Milton youth.

Why Sponsor Us?

Game Changer For Our Town

We at Mill Hacks want to bring our community together through tech. We have a dream to promote education, learning, and fun for all high students in our area by hosting a new Hackathon in Milton. By sponsoring us, this dream becomes possible and you will help us reach the untapped potential of our town.

Access To Talent

Sponsoring Mill Hacks gives you access to a pool of highly skilled and motivated individuals. Many of our attendees are deeply interested in opportunities to connect with and involve themselves in the industry. As a sponsor, you'll have the opportunity to engage with these driven individuals, observe their skills in action, and establish yourself as a future employer in the youth's eyes.

Opening Ceremony Speech		1 min	2 min	
Closing Ceremony Speech				2 min
Provide a Custom Award				●

SPONSOR BENEFITS

Sponsorships do not have to purely be cash, you can provide an equivalent monetary amount of Food/Drinks/Prizes instead.

Judges

A representative from your company can take an active role in our event by joining the judging panel. This role includes evaluating several projects and helping to select the winners. We suggest choosing judges who have a strong background in technology to make informed evaluations.

Custom Award

As a Diamond-Tier Sponsor you can provide a custom award. Your award can be broad like “Most Innovative Project” or specific like “Best Use of x”. The monetary value of the award is included in the \$750 sponsorship amount.
